If you did not receive a pledge form and would like one, please let me know at Terry.Hupp@BHSU.edu.

If you wish to contribute, you have the option of paying directly, being invoiced, using a credit card, or selecting payroll deduction. **Payroll deductions will not begin until the January, 2018, payroll.** You may designate where you would like your donation to be applied and for \$30 you can provide a child a book a month for a year by including the Imagination Library.

100% of your contribution remains in the Black Hills!

BHSU pledges totaled \$8,832.00 last year. Only 46 of our over 400 employees donated. Hopefully, with your help we can greatly improve our combined contribution and participation!

Geek Speak: “Use of Images for Visualization and Visual Literacy in Language Class”

Join us Thursday, October 19 at 4 pm in Jonas 110 as Dr. Du-Lu Hsiao presents “Use of Images for Visualization and Visual Literacy in Language Class” In spite of images - as visual aids - have always played an important (if subservient) role in language teaching materials, in our context, Spanish as a Foreign Language (SFL) is a psycholinguistic, social and cultural activity that presents an evident dominance of written input over visual input (Goldstein, 2012). This Geek Speak is just an attempt to show an alternative path that aspires to offer a number of different ways to use images that would help to balance the presence of visual input in the SFL class.

All lectures are held in Jonas 110 at 4:00 p.m. on Thursdays and are free and open to the public.
