Announcements

International Relations & Global Engagement Student Leadership Positions

The International Relations & Global Engagement office is looking for two student leaders beginning Summer 2018 who enjoy interacting with students from around the world and can contribute to improving campus globalization! Qualities we are looking for: positivity, leadership and reliability. Responsibilities will include organizing and leading new international student orientation for the Fall 2018 semester among other tasks. If you feel that this fits you, stop by Woodburn 115 for an application or email International@BHSU.edu. Please be prepared to provide a resume.

In search of puppies!!

Greetings! The Counseling Center is in search of volunteer puppies or small docile dogs to be loved and pet during our 2018 Design a Life Health Fair to help our students "Pet the Stress Away." Puppies must be potty trained with up to date shots as well as behaved (and not-barky) enough to enjoy the attention. Wellness Fair is scheduled for April 5th from 11-1 in the Student Union lobby. Please contact us as soon as possible if you have a pooch who might be a good fit. Thanks!!!

Calling All Writers

We've just added a new creative writing course for fall 2018: ENGL 483: Advanced Creative Writing. (Though it is a 400-level, it has no pre-requisites.) Offered MWF 10:00-10:50 a.m., the first half of the semester will focus on honing creative form and technique, while the second half will allow students to work on an extended genre project of their choice (such as a collection of narrative essays, short stories, or poems, or a novella or other longer piece.)

For more information or for help registering, please contact Dr. Courtney Huse Wika @ Courtney.HuseWika@BHSU.edu or Meier Hall 311.

Accomplishments

Dr. Adam Blackler

Dr. Adam Blackler, assistant professor of history, was recently published in the peer-reviewed journal *Central European History*. His article is titled "[From Boondoggle to Settlement Colony: Hendrik Witbooi and the Evolution of Germany's Imperial Project in Southwest Africa, 1884-1894.](#)" Cambridge University Press also recently featured a [blog article](#) about Dr. Blackler's recent article in *Central European History*.

Dr. Du-Lu Hsiao

Dr. Du-Lu Hsiao, assistant professor of Spanish, will present at the 100th annual American Association of Teachers of Spanish and Portuguese Conference in June in Salamanca, Spain. Hsiao's accepted proposal (in Spanish) is titled "Use of images beyond language acquisition."

Dr. Mary Caton-Rosser

Dr. Mary Caton-Rosser, associate professor of mass communications, presented at the 12th annual International Technology, Education and Development Conference in Valencia, Spain this month. Caton-Rosser's virtual presentation is titled "Examining Today's Conceptual Media Literacy Landscape: The Evolution Of Media Effects Theories Within The Contexts Of Emerging Social Networks Built With Accessible New Media Technologies."

Michael Jastorff

Michael Jastorff, university bookstore director, recently completed requirements to renew the Certified Collegiate Retailer (CCR) designation through the National Association of College Stores. The CCR designation indicates skillful leadership, stewardship, and expertise in college store operations.

Math Club Career Panel Discussion

The BHSU Math Club is hosting a career panel discussion on Tuesday, March 20 at 7 PM in Jonas 305. All are welcome and there will be food!

We'll have recent BH math ed grads who are now teaching full time at area schools, an instructor from SDSMT to talk about grad school, and an actuary from Assurant in Rapid City. These folks will be talking about how they use mathematics in their careers, provide our students with insight into the job search process, and so forth. The discussion should be relevant to all education majors, and any BH student wanting to eventually find a job!

Active Shooter Response Training- What Would You Do??

REMINDER: BHSU Public Safety will be offering 4 (1-hr) training sessions on options-based active shooter response. Learn how to adopt a "survival mindset", how to identify

suspicious or concerning behavior and what options exist if you are ever confronted with an active shooter situation. Training can replace panic with effective action.

What: Active Shooter Response Training - What Would You Do?

When: Wednesday March 21st 4pm & 5:30 pm

Wednesday: April 4th 6pm & 7:30 pm

Where: Club Buzz

Door Prizes: 3 lucky student attendees at each session will win a 50% discount on a 2018-19 academic year parking permit!

Affective factors in learning workshop

From University of Seville, Spain, Dr. Jane Arnold will be presenting two workshops at BHSU campus related to affective factors in learning process. Please feel free to join it.

-Workshop I, Wed, April 4th | JA 307 | 2 - 4pm

Dr. Arnold will share how positive group dynamics stimulate interaction and learning and will guide participants through diverse practical applications for fostering positive learning

communities within their classrooms. We will see diverse practical applications for working with the group dynamics in our classrooms.

-Workshop II, Thurs, April 5th | JA 307 | 2 - 4pm

This workshop will examine how individual factors, such as motivation, self-esteem and autonomy can have a significant influence on learning and how attention to these factors can provide meaning and incentive for learners. Applications for the classroom from Howard Gardner's Theory of Multiple Intelligences will be explored. With the visual-spatial intelligence we will see how the use in class of art and other visual elements and of mental imagery can be beneficial in general and specifically for language learning.

Geek Speak: The Geometry of Redistricting

Join us on Thursday, March 22 at 4:00 p.m. in Jonas 110 for this week's Geek Speak hosted by Dr. Daniel Swenson: "The Geometry of Redistricting"

Legislative district lines for the US House of Representatives (and also state legislatures around the nation) will be redrawn following the 2020 Census. Legislators have an incentive to propose boundary lines that will protect their own chances of re-election, and that will benefit their own party in other races.

Intentionally drawing districts for the purpose of political gain is called "gerrymandering." We'll investigate how people are using geometry to tell how "gerrymandered" a district is, and we'll look at the role math can play in legal issues relating to redistricting and civil rights.

News Releases

[BHSU to host 20th annual Black Hills Research Symposium; Keynote to address Fascist Colonialism](#)

Two decades of student research will be celebrated at the 20th annual Black Hills Research Symposium at the Black Hills State University March 21-22 in Spearfish. Nearly 30 undergraduate students from throughout the Black Hills will attend the Symposium and present their research through posters and oral presentations.

[High school financial expert gives winning portfolio advice to nonprofit, wins South Dakota SIFMA Foundation's InvestWrite® Essay Competition](#)

Many teens enjoy raising funds for nonprofit organizations, but 16-year old Payton Park wants to manage those funds! This exceptional sophomore from St. Mary's High School in Dell Rapids, S.D., channeled his inner financial advisor to create an investment plan for the World Food Program and become the South Dakota first-place winner of SIFMA (Securities Industry and Financial Markets Association) Foundation's Fall 2017

InvestWrite competition. The South Dakota Stock Market Game is sponsored by the Black Hills State University Center for Economic Education, the Securities Industry Financial Markets Association (SIFMA) and the South Dakota Council on Economic Education.

[Mathematics professor to discuss citizen involvement in statewide redistricting at BHSU Geek Speak](#)

In his Geek Speak, "The Geometry of Redistricting," Dr. Daniel Swenson, associate professor of mathematics at BHSU, will discuss the impact redistricting has on political decisions and the populations representation.

His presentation will be held at 4 p.m. Thursday, March 22 in Jonas 110. All Geek Speaks are free and open to the public.

Swenson will also be featured on the "In the Moment" radio show on South Dakota Public Broadcasting Thursday, March 22 at 11:37 a.m. to preview his Geek Speak lecture. Tune in to SDPB or listen live online at <http://listen.sdpb.org/>

[BHSU welcomes first international Presidential Fellow](#)

Dr. Jambalmaa Khainzan from Mongolia is learning from leaders and administrators at Black Hills State University as the school's first international Presidential Fellow. The Presidential Fellowship program at BHSU began in 2015 under the tenure of Dr. Tom Jackson, Jr., President, BHSU. The goal of the program is to foster collaborative relationships with other universities and to advance the skills and knowledge of up-and-coming leaders in higher education.
