

Spearfish Local

Badge Application Form

Spearfish Local is an initiative that brings together area producers, distributors, purchasers, and consumers of local food. The badging program lets our community and visitors know that your business is a supporter of local foods, either by growing, cooking, or reselling local food. Spearfish Local believes in supporting businesses that sell local produce and prepared goods because it grows Spearfish's economy, promotes healthy eating of whole foods, reduces gas needed for transporting food across the country, and builds community resilience.

Once your application is received, we will visit you at your establishment and give you your Spearfish Local badge so that everyone in the community is aware that you support local food! For more information, please visit our website at www.bhsu.edu/spearfishlocal.
