Eco-Rep Application

Academic Year 2018-2019

Job Description

Eco-Reps are student representatives that will be trained through team meetings to become environmental change agents. These students will educate other residents in their resident halls about environmental issues and encourage them to live in a more eco friendly way. Goals of the program include: leadership training, enhancing students' knowledge and skills to successfully communicate sustainability to their peers, increasing overall student awareness of environmental actions and ways to affect change on campus, and institutionalizing environmental stewardship within the student body.

Please answer the following questions to the best of your ability

List any organizations you currently belong to, and any leadership roles you have held in the past.

Please list any on or off campus activities or organizations you plan to participate in during the Fall and Spring semester. (Athletics, clubs, employment etc.)

Why do you want a position with the sustainability/Eco Rep team?

What specific skills and experiences do you have that will help the BHSU Eco-Rep team be successful?

What do you think should be BHSU's top three sustainability priorities?

What are some of your hobbies or activities with which you are involved in?

Explain a time when you were able to work on a project both independently as well as on a team?

What are some of the things that you do to maintain a sustainable lifestyle both on and off campus?
