Bachelor of Science in Education (B.S.Ed.)

## Create Art!

The art program at Black Hills State University will give you the knowledge, inspiration, and freedom to express your originality and creativity while you develop your artistic skills and techniques, setting you on the path to a fulfilling career.

## Prepare For Your Future

An art major at BHSU prepares you for a number of careers. You may choose to teach art in a secondary school, move on to more advanced studies, such as a Masters of Fine Arts, or to find a fulfilling career in the arts. The course of study includes drawing, design, art history, and a number of specialty options, including ceramics and sculpture. Beyond preparing you for a career, the Art major will inspire your creative, esthetic and cultural development. The small class sizes and the collaborative nature of the program give you the creative advantage to succeed.

## Learn From The Best

You will have the opportunity to work beside nationally known artists. The Art faculty is actively engaged in teaching and creating art - you'll discover much of their work displayed nationally, regionally and across campus. The art facilities located in Woodburn Hall include studios for drawing, painting, printmaking, sculpture, ceramics, stained glass, art history, and art education in addition to a shared student studio and woodshop. The Ruddell Gallery, located in the BHSU Student Union, and the President's Gallery, located in Woodburn Hall, display local, regional, and national artists in addition to student artwork.

## Enjoy The Experience

As an Art major you will organize and present an art exhibit, and your artwork may be selected for the department's permanent display. The BHSU Art Club will enhance your educational experience in the visual arts by holding workshops, taking trips to museums, and assisting students in preparing shows.
