Plan a career as a Veterinarian

Prepare For Your Future
Prepare for veterinarian school by first earning a bachelor’s degree in biology or chemistry. Students at BHSU have the opportunity to conduct research with faculty mentors. This research experience is invaluable as students apply to the extremely competitive veterinarian professional schools. Experience working with a practicing veterinarian is very important as well. BHSU faculty members work with area veterinarians to secure job shadowing and part-time work opportunities for students.

Courses available as part of your bachelor’s degree that will prepare you for your career goals:

- BIOL 151 - General Biology I & 151L Lab
- BIOL 153 - General Biology II & 153L Lab
- BIOL 325 - Physiology & 325L Lab
- BIOL 331 - Microbiology & 331L Lab
- BIOL 343 - Cell & Molecular Biology & 343L Lab
- BIOL 371 - Genetics & 371L Lab
- BIOL 381 - Vertebrate Anatomy & 381L Lab
- CHEM 112 - General Chemistry I & 112L Lab
- CHEM 114 - General Chemistry II & 114L Lab
- CHEM 326 - Organic Chemistry I & 326L Lab
- CHEM 328 - Organic Chemistry II & 328L Lab
- CHEM 464 - Biochemistry I & 464L Lab
- HLTH 422 - Nutrition
- MATH 102 - College Algebra
- MATH 281 - Introduction to Statistics
- MIS 105 - Introduction to Computers
- PHYS 111 - Introduction to Physics I & 111L Lab
- PHYS 113 - Introduction to Physics II & 113L Lab
- GRE/MCAT Exam

Depending on your interests, you could pursue a degree in:

- Biology
- Chemistry
