Geek Speak: Draw Something!

Please join us on Thursday, March 3 at 4:00 p.m. in Jonas 110 for a very special Geek Speak drawing workshop with Professor Desy Schoenewies! Get your pencils sharpened, because this Geek Speak will get you geeked out on drawing! We will explore what it means to draw through a brief history of drawing and how the practice of mark-making has evolved to incorporate the latest technologies. We will discuss why artists still practice traditional drawing techniques and explore some contemporary drawing methods! We will understand how drawing expands our critical and analytical thinking skills. A resurgence in drawing and keeping sketchbooks is sweeping the nation with programs like The Sketchbook Project! We'll look at how to keep a sketchbook and to get involved with a community of fellow sketchers! Basic drawing supplies will be provided, but you are welcome to bring your own. Everyone -EVEN YOU- can draw!
