Site Supervisor: Derrick Erhart
Email: derrick.erhart@bhsu.edu
Phone: 605-642-6979
Address: 1200 University St, Unit 9665 Spearfish South Dakota, 57799
Are you a BHSU Alumni?: No
If yes, what year did you graduate?:

Opportunity Details
Business, Company, Organization Name: Black Hills State University, Network & Computing Services
Company Description: Black Hills State University is a liberal arts university located near the Black Hills in Spearfish, South Dakota. The Black Hills of South Dakota give us the unique opportunity to explore and thrive in the outdoors while studying and seeking inspiration.
BHSU is big enough to offer unique opportunities for students to pursue their goals along their personal journey towards success, but small enough to allow students to develop valuable personal relationships with faculty and staff.

Opportunity Offering: Internship
Work Study Options:
Opportunity Title: Network Infrastructure Internship
The opportunity will take place in?: BHSU Spearfish Campus
Start Date: 6/1/2019
End Date:
Weekly Hours: 10-15
Hourly Wage: $10.00
What does the opportunity provide?:
This opportunity would provide the selected candidate to expand their technology skills. The chosen candidate would be tasked with completing Wireless Network Heatmap Surveys for each of BHSU's buildings. These surveys help us to know current coverage and plan for future needs. We will also ask the selected candidate to help with other network projects such as wiring closet organization/re-organization, power redundancy planning and implementation, and hardware/software updates. Flexible scheduling is available.
What are the characteristics of a qualified candidate?:
- Understand the importance of good communication and collaboration
- Possess critical thinking skills
- Be able to adapt to changing situations and learn necessary skills
- Reliable attendance and time management skills

What skills are needed to be successful?:
- Possess basic computer user skills
- Have a basic understanding of wired and wireless networks

Application Process:
We will have a application form and more than likely ask for an interview for prospective applicants.
Application Deadline:
