The PLC Agency requires specific type of Education Hours to be eligible for PLC	Semester Credit Hours
Total Credit hours above/Post Education Hours Required to be eligible for PLC	150

Specific Education Undergraduate Requirements	Undergraduate Semester Hours Intermediate - 6 hours Cost accounting - 3 hours Income Tax - 3 hours Auditing [related to external reporting] - 3 hours 9 hours of accounting electives [see below *] Total Accounting Courses (Undergraduate) - 24 hours • Business courses (24 hours - not inclusive of Accounting courses): Including at least 3 semester hours in Commercial Law, as it affects accountancy for CPA examination candidates [see below**] Total Business Courses Undergraduate - 24 hours - or- Graduate - 24 hours [or a combination of undergrad & grad of 24 hours) * * See addendum regarding the law requirement. [The first law course offered by most universities does not satisfy this requirement. Usually, the first law course is a requirement of the university; the second course at most universities is the acceptable course to take the CPA examination. However, please review the course syllabus to determine if you must take both courses.] The specified 24 hours (or 21 graduate level) of accounting courses and at least 24 hours of qualifying business courses must be earned by either personal class attendance or in correspondence/distance course credits earned at an accredited university. Introductory "management" accounting courses (which typically emphasize management accounting principles and decision-making for internal managers) at the undergraduate or graduate level will not qualify toward satisfying the nine (9) semester hours of accounting electives within the 24 hours of required accounting hours. And such courses will not count toward the 24 hours of required business courses. Furthermore, a student who has credit in both undergraduate and graduate level for the introductory "management" accounting course will only receive credit for one of the courses in satisfying the 150-hour requirement to become licensed. In addition, such courses do not substitute for the required financial reporting related "Cost" or "Managerial Cost" accounting course which is required for accounting majors, and which emphasizes cost accounting and financial reporting of inventories for manufacturers, production activities, processors, and related topics.
Specific Education Graduate Requirements	Graduate Semester: Hours Intermediate - 3 hours Cost - 3 hours Income Tax (individual) - 3 hours Auditing [related to external reporting] - 3 hours of accounting electives [sec below*] Total Accounting Courses (Graduate)
