HATS OFF TO YOU *Class of 2022*

A BLACK HILLS STATE UNIVERSITY DEGREE is defined by student success, academic excellence, innovation, and authenticity. Through these challenging times you have persevered. Today we celebrate your determination, your achievements, and your future. We are honored to call you BHSU alums.

President's Message

BHSU President
Dr. Laurie S. Nichols

Congratulations, graduates!
As you receive your diploma and transition from student to alumni, I hope you feel a great sense of accomplishment and excitement. We are proud of you. Not only have you achieved much, but today you begin a new chapter in your life. I hope you will find---like I did---that your degree will open doors of opportunity both professionally and personally. I encourage you to use your education wisely and take advantage of each and every opportunity when it comes your way. If you do, there is no doubt that you will experience great success.

Please know that you will always be a Yellow Jacket; we want you to stay connected to BHSU. Come back often, keep in touch with friends and faculty, and offer your assistance to the next generation of Yellow Jackets who will follow you. A trait of a great university is an active and engaged alumni---be one!

Again, on behalf of the administration, faculty and staff of Black Hills State University, our most hearty congratulations. Go forth and do good!

Laurie S. Nichols

Dr. Laurie S. Nichols, President

BLACK HILLS
STATE UNIVERSITY

History of BHSU

As the only comprehensive University in western South Dakota, BHSU serves the entire region through outreach and service. BHSU has 3,539 students from 65 counties in South Dakota, 44 states, and 31 countries. Drawing upon our unique location and deep connection with the community, BHSU remains committed to ensuring academic excellence and an exceptional educational experience for all students.

The Dakota Territorial Legislature, meeting in 1881, passed an act establishing a Normal School in Spearfish. The school officially opened in 1883.

Over the next two decades, the curriculum expanded with the purpose of training teachers for the public schools. By 1924 the college was authorized to adopt a four-year curriculum leading to a bachelor's degree in education. Spearfish Normal School became informally known as Black Hills Teachers College. In 1941 the Legislature formally approved the name change to a teachers college.

During World War II, the college served as a training center for the U.S. Air Force. In the years following, the college achieved accreditation from the North Central Association, expanded its curriculum, began offering graduate work, and began a long-range building program. On July 1, 1964, the South Dakota State Legislature officially changed the name to Black Hills State College.

Enrollment grew throughout the following decades and the college received national accreditation. Construction of a new library and expansion of the academic program offerings established the college's future direction. On July 1, 1989, the State Legislature authorized a bill granting university status. Today the school is known as Black Hills State University and offers 83 master, bachelor, associate and pre-professional programs.

The campus consists of 123 acres and 23 main buildings. The University has a second location, BHSU-Rapid City, which offers classes and hosts the West River Health Science Center.

BHSU continues to seek opportunities for innovation, education, and research in conjunction with the Sanford Lab, in the former Homestake Mine in Lead, S.D. The BHSU Underground Campus is used by students and faculty at the 4,850-foot level of Sanford Lab. The Sanford Science Education Center, on the BHSU campus, serves as a direct link to the Sanford Lab.

THE UNIVERSITY MACE

The mace, which was commissioned during the University's Quasiquicentennial year, was constructed by Lynn Fox, a carpenter at the University. The mace is made from the African mahogany wood salvaged from the bleachers in the former Cook Gymnasium that was built in 1953. Cook Gym, previously located south of the Library, was removed in 2003.

The BHSU Mace includes a metal inscription of the BHSU logo on either side. The top is a four-inch, flame-shaped glass finial with the green and gold colors of the University.

Historically, a mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. The mace later became a ceremonial symbol of leadership at academic processions.

THE PRESIDENT'S MEDALLION

The President's Medallion, first worn in 2014, preserves and honors our legacy while looking to the future. The medallion features the University's seal which includes the iconic Arches that have become synonymous with BHSU's determination and "can-do" spirit.

The Arches are all that remain of one of the first campus buildings, Normal Hall, originally built in 1887 and nearly destroyed by a fire in 1925. The former entrance to Normal Hall, the Arches remain intact and are now part of Ida Henton Park. This sandstone archway is a link to our past and a symbolic entrance to the future for students as they embark on educational experiences that forever change them and their path in the world.

The outside circle of the seal goes even further into history to honor the Lakota people. The circular movement of the Medicine Wheel is divided into four gradient colors to signify the four directions (West, North, East, and South) and also represent the stages of life, seasons of the year, and elements of nature. The inner circle showcases the name of the University in bold text on green hue, the University's official color. The founding year, 1883, is placed in the center of the seal.

The links comprising the neck chain for the bronze President's Medallion are engraved with the names of all previous BHSU presidents.

Commencement Designations

The history of academic dress reaches far back into the earliest days of the oldest universities in Europe.

In modern times, academic attire serves a ceremonial and symbolic purpose. The design and colors of gowns and hoods reveal the degrees and the degree-granting institutions.

The square black mortarboard cap, worn flat on the head with one corner facing the front, has a tassel which may be either black or of the color assigned to the field of study, except that doctors in all fields may elect to wear a tassel of gold threads. Some institutions have adopted the use of the biretta.

The standard color of the robe is black. The bachelor's gown is a simple, unornamented robe with long pointed sleeves. The master's gown is more elaborate and many styles have slits in the oblong sleeves. The doctor's robe includes velvet and is ornamented with three bars on the bell-shaped sleeves.

The hood is lined with the official color or colors of the university that conferred the degree. The hood is bound or edged with velvet in widths of two, three, and five inches for the bachelor's, master's and doctor's degrees, respectively. The color of the binding or edging indicates the subject area of the degree: brown for business; light blue for education; and golden yellow for science.

UNIVERSITY HONORS SCHOLAR

Students graduating from the University Honors Program have met the highest standards of achievement, enrichment, and service. Graduates complete one of three tracks: the Research Scholar, focusing on undergraduate research and creative scholarship; the University Scholar, a four-year comprehensive Honors program with an emphasis on undergraduate research and creative scholarship; and the International University Scholar, which requires a significant international experience in addition to the full curriculum. University Honors Scholars are recognized with a medallion on a green and gold ribbon.

EXPLANATION OF HONOR ORGANIZATION DESIGNATIONS

Certain honor organizations have approved designated accessories for wear with academic regalia as follows:

Alpha Kappa Delta	_____	Sociology	_____	Teal Honor Cord
Kappa Delta Pi	_____	Education	_____	Green and Purple Honor Cord
Beta Gamma Sigma	_____	Business	_____	Royal Blue and Gold Honor Cord
Phi Kappa Phi	_____	All Disciplines	_____	Blue and Gold Honor Cord
Psi Chi	_____	Psychology	_____	Blue and Gold Honor Cord
Military/Veteran	_____			Red, White, and Blue Cord
Student Support Services TRIO	_____			Gold and White Stole

Distinguished Faculty

Dr. Colin Garnett

Following his graduation with a Ph.D. in mathematics from the University of Wyoming in 2011, Dr. Garnett received a postdoctoral fellowship at the University of Victoria in Victoria, Canada. He joined the mathematics faculty at Black Hills State University as Assistant Professor in 2013 and received tenure and promotion to Associate Professor in 2019. In his nine years at BHSU, Professor Garnett has become known for his collegiality and commitment to his students. His teaching consistently receives top rankings on the student opinion surveys conducted at the end of each course, and he received the College of Liberal Arts Outstanding Teaching Award for the 2019-2020 academic year.

He regularly travels with students to the Rocky Mountain section of the American Math Association and has often led BHSU Math Circle sessions, which provide enrichment activities for high school students.

Additionally, Professor Garnett is an active scholar with publications in the areas of graphic theory, combinatorial matrix theory and combinatorics. He received the College of Liberal Arts Outstanding Research, Scholarship, and Creative Activity Award for the 2015-2016 academic year and has served as a reviewer, referee, and contributing editor for respected academic publications in mathematics. Professor Garnett's extensive contributions to the university include serving on the Faculty Senate and as Coordinator for College Algebra. He received the University Outstanding Service Award for the 2018-2019 academic year.

Honorary Doctorate

Mr. Dale Lamphere

Lamphere is one of the Western region's finest sculptors. He studied at Black Hills State College and is the designer of The Hive, a 20-foot, four-ton stainless steel sculpture in the Spearfish roundabout that greets visitors and students at BHSU.

Lamphere was appointed South Dakota Artist Laureate by Governor Daugaard in 2014 and was reappointed by Governor Noem in 2019. Lamphere received the American Institute of Architects South Dakota Champion of Architecture award for "bringing great public art to the people of South Dakota and beautifully articulating the intersection of art and engineering".

In 1989, Lamphere was appointed to the South Dakota Arts Council by Governor Mickelson and became President of Arts South Dakota in 2019. He was inducted into the South Dakota Hall of Fame in 1987.

Commencement Speaker

Ms. Cherrie Davis

An engagement with Davis is more than just a routine keynote. It is memorable, authentic, fact based, and just downright special. Even in a room full of hundreds, her audiences experience as if she is speaking to them each individually. She means and believes what she says and says only what she can stand behind.

Davis is the President at ShiftForward Consulting based in Atlanta, Georgia. She received her B.A. in Communications from BHSU in 1993 where she was recognized as the Distinguished Military Graduate.

Davis earned a Master's in Human Resources with an emphasis in International Management from Webster University and holds professional certifications for Senior Professional Human Resources, Executive & Organizational Coaching, and Quality Management.
