QUICK RULES OF LOGO USAGE
BLACK HILLS STATE UNIVERSITY

1 PRIMARY LOGO
The primary logo should be prominent and be immediately noticeable on all publications and online communications. The primary logo should be placed on the front cover of all publications such as brochures, displays, newsletters, and magazines which represent the academic and administrative units of the university.

2 SECONDARY LOGOS
The BHSU primary logo should be the most prominent logo. Secondary logos or symbols for colleges, divisions, departments, centers, or any other University organization create confusion for the audience. It is important that additional logos be used smaller as a secondary identity.

3 LOGO SIZE
The logo should be used in a size large enough to ensure legibility. Check specific size requirements for publications and communications below. The logo may be reduced or enlarged proportionally, but the relationship of the elements may not be distorted, altered or modified in any way.

4 TRADEMARK
The trademark symbol (TM) should be visible on all forms of the BHSU primary/secondary logos where the brand symbol (BH) is present. The placement of the “TM” is to the bottom right of the brand symbol. *Certain exceptions may apply, but will only be decided by the Marketing & Communications Office.

LOGO SIZING
• 11”x17” publications should have a minimum logo size of 2” wide.
• 8.5”x11” publications should have a minimum logo size of 1.5” wide.
• Publications smaller than 8.5”x11” should never be less than 1.25” wide.
• Larger or smaller minimum sizes may be necessary for other media such as video and film, or products that require specialized manufacturing. If you feel you need to use the logo smaller or have questions about extra-large files, contact the Marketing & Communications Office for assistance.

EXCLUSION ZONE
Because we don’t want to confuse or complicate our branding, we need to protect the integrity of our logo. Free from all other graphic elements gives it maximum clarity. This gray area is known as the exclusion zone.

For the vertical primary logo, the exclusion zone has been calculated by simply using the proportional size of the brand symbol and placing it around each side of the logo.

For the horizontal primary logo, the exclusion zone has been calculated by simply using the proportional size of the width of the “H” and placing it around each side of the logo.

For the brand symbol when used alone, the exclusion zone has been calculated by simply using the height of the bowl in the “B” and placing it around each side of the logo.

LOGO TREATMENT

The logo must be used as is and not altered in any way. This applies to the primary, secondary, and the entire logo family for BHSU.

This means that YOU MUST NOT:

1. Change the logo orientation.
2. Disproportionately scale or resize the logo.
3. Change logo’s colors that are not BHSU green, yellow, white or black.
4. Display the logo with color combinations not previously specified.
5. Display the logo in a configuration not previously specified.
6. Alter the corners, strokes, spacing and components of the logo.
7. Attempt to recreate the logo.
8. Add special effects to the logo.
9. Add an outline to the logo or display the logo as an outline.
10. Use the logo on top of a busy background if it diminishes the legibility of the logo.
11. Display the logo with other elements in the logo’s exclusion zone.
12. Display the logo on backgrounds that clash with the primary colors on the logo.

MASCOT “STING”

Sting, the Yellow Jacket mascot, may be used in addition to but not as a replacement for the official logo on most publications. Specific departments, athletics, alumni, and student organizations, may choose to use the mascot rather than the logo as long as the words “Black Hills State University” are prominently included. Other departments and organizations may use the mascot in conjunction with the official logo.

The Yellow Jacket should not be changed or altered without seeking approval of minor modifications from Michael Jastorff, University Bookstore 605.642.6279.

OFFICIAL SEAL

The Black Hills State University seal should be used only on official documents, such as:

- Diplomas
- Certificates
- Awards
- Applications

If you wish to use the seal for official University documents, please contact the Marketing office for the file at 605.642.6215.
