vii. Other forms of misconduct relating to academic achievement, research results, thesis dissertation on comprehensive, written, or oral exams, or academically related public service, or academic misconduct as defined in SDBOR or other BHSU policy sections, or federal or state law.

3. Policy
   a. All elements of SDBOR Policy 2:33 and BHSU Policy 3.1 are the basis for this policy and shall be considered in concert with BHSU policy and procedures.
   b. Faculty will inform students of the objectives, requirements, performance standards, and evaluation procedures for the course. The faculty member determines course content, attendance requirements, performance requirements, and grading procedures for courses under their direct supervision, and they must distribute the course syllabus to their students at the beginning of each semester. Faculty members should inform students of the university policy regarding academic misconduct, answer any questions students may have, and actively engage students in understanding and avoiding academic dishonesty or misconduct.
   c. Academic misconduct occurs when a faculty member has documented evidence that a student has cheated, plagiarized, fabricated or otherwise misrepresented their work. It also involves contributing to or facilitating academic misconduct with others.

4. Procedures
   a. The BHSU policy statement on academic misconduct must be included on each course syllabus. Refer to BHSU Policy 2:12.
   b. Faculty members will use the BHSU Maxient program to document all forms of academic misconduct and upload all supporting evidence. The link is provided on the BHSU Academic Affairs webpage, under faculty resources.
   c. SDBOR Policy 2:33 specifies that allegations of academic misconduct will be reported by the faculty member to the Student Conduct Officer. At the faculty member’s request, the Student Conduct Officer will inform the faculty member
whether the student has ever engaged in academic misconduct, which information may be used in determining any academic consequences should it be determined that the student engaged in academic misconduct. The faculty member may request this information at any point throughout the informal resolution process.

d. Faculty members alleging academic misconduct will:
   i. thoroughly document all communications, actions, materials, and evidence regarding academic misconduct;
   ii. review and retain the material (e.g. exam, quiz, report, term paper, etc.) and other data to ensure sufficient evidence for a charge of academic misconduct; and
   iii. inform the applicable School Chair(s) and Dean(s).

e. SDBOR Policy 2:33 and BHSU Policy 3:1 addresses the informal and formal resolution and appeal processes.
   i. Informal Resolution
      1. The faculty member will meet with the student to discuss the allegations and attempt informal resolution. The faculty member may request the assistance or presence of the Student Conduct Officer for this meeting.
      2. Informal resolution is reached where:
         a. The student and the faculty member agree that there was no academic misconduct; or
         b. The student admits to the academic misconduct, agrees to the academic consequence, and signs a form documenting the student’s agreement. By signing the form, the student waives the right to appeal both the fact that the student engaged in the academic misconduct and the academic consequence.
      3. If informal resolution is reached, the faculty member must inform the Student Conduct Officer. If the informal resolution included the student admitting to the academic misconduct, the faculty
member must provide the signed form used to document the student’s agreement to the Student Conduct Officer.

4. If informal resolution is not reached, the faculty member must inform the Student Conduct Officer that the alleged academic misconduct was not informally resolved through this policy and will need to be addressed through SDBOR Policy 3:4.C.

ii. Formal Resolution

1. Once the student conduct process through SDBOR Policy 3:4 is concluded, the faculty member will receive a copy of the informal resolution documentation or the written findings that include the facts found to have occurred.

2. If the informal resolution documentation or the written findings include a determination that a violation of the student code for academic misconduct occurred, the faculty member may impose academic consequences for the academic misconduct.

iii. Appeals

1. Informal Resolution Reached Through SDBOR Policy 2:33: A student may not appeal either the fact that the student engaged in the academic misconduct or the academic consequence imposed by the faculty member because the student waives such appeal rights in agreeing to the informal resolution under this policy.

2. Informal Resolution Not Reached Through SDBOR Policy 2:33: A student may appeal the academic consequence imposed by the faculty member pursuant to SDBOR Policy 2:9 and BHSU Policy 3:1.

f. Allegations of violations of any SDBOR Policies and University Policies prohibiting sexual harassment and other forms of discrimination, will be referred to the University Title IX/EO Coordinator and addressed as required by said provisions. The current contact information for the University Title IX/EO
Coordinator is available on the BHSU webpage at https://www.bhsu.edu/President/Title-IX.

5. Responsible Administrator

The Vice President for Academic Affairs, or designee, is responsible for the annual and ad hoc review of this policy. The University President is responsible for approval of this policy.
