Staff Senate
Black Hills State University

The Staff Senate is an organization of staff at Black Hills State University (BHSU) who have been elected to represent their peers on the BHSU campuses. For the purposes of this document, BHSU Staff is defined as any BHSU employee who is not a faculty or student employee, the President of the University, a Vice-President (or Associate or Assistant Vice-President), a Dean of a College, or other member of the University Administration.

The Administrative Officers (President of the University and his/her Administrative Team) have a standing invitation to attend meetings of the Staff Senate and to provide information and seek opinions of the Staff Senate at all meetings.

ARTICLE I: Purpose and Organizational Structure

Purpose:

The purposes of the BHSU Staff Senate are:

1. To give Staff campus representation, and a means by which they have a collective voice to provide input and make recommendations to the administration on matters concerning staff.
2. To provide encouragement and support for staff through personal and professional development opportunities, such as seminars, speakers, printed and audiovisual material, in collaboration with the Human Resources Department (HR). (“Professional Development” is defined as the ongoing process of improving and increasing capabilities and advancing skills and expertise of staff to enable enhancement or advancement in a chosen career. Professional Development may also include improving wellness, personal growth, and opportunity to build a network of mentors within the University in an effort to implement co-development and cross-training among staff. Professional Development may extend beyond job classification and currently assigned duties.)
3. To recognize outstanding staff employees, including an Outstanding Staff Employee of the Year.
4. To help orient new employees in collaboration with HR and to provide mentors to new employees through the Staff Mentoring Program.
5. To provide support to the University by means of the CSA Council and other scholarships, and in other ways as designated by the Staff Senate or requested by University Administration.

6. To serve as the formal and recognized governmental structure for staff at BHSU and as an integral component in the operation and functioning of the university.

Organizational Structure:

The BHSU Staff Senate consists of members elected from currently employed staff personnel, representing all areas of campus.

Areas of campus are defined by administrative area. Numbers of representatives for each area are determined by number of employees represented within that category (an approximate ratio of 1 Senator : 10-20 employees). Areas of campus and their representation are defined as:

The BHSU Staff Senate shall consist of 12 members apportioned as outlined above to ensure fair representation of all staff.

ARTICLE II: Membership

Selection:

The selection process shall begin in March of each year, with a three-year term beginning in June of the same year (all Senators, incoming and outgoing, attend the May meeting for purposes of continuity). In order to avoid a complete turnover in membership in any given year, the selection process will be held each year with one-third of the members reaching the end of their term each year. Those eligible for election are Staff who are not on probation or subject to disciplinary action at the time of the election.

A two-part selection process shall be utilized. First, beginning in March, an inquiry memo will be sent to all personnel, requesting nominations from any source within the University (self, other staff, or supervisor within the representative area, or faculty or administration team member within any area). Second, a list would then be compiled from names submitted, and willingness to serve shall be ascertained from each candidate by the Secretary of the Senate. Election of candidates will be held in April. Voting will be done by electronic or paper ballot by staff within each nominee's category. In the case of a tie vote, the Senate shall vote on the two candidates to select the Senator. The current Senate President will utilize the tally of the balloting to notify the new members. The ballot results will be kept for one year in case a replacement is needed for any member of the Senate.

With the reorganization of the University and Staff Senate representation, Addendum 1 is no longer in effect. Addendum 2 addresses the re-organization and election schedule for the next three years and Senators shall be elected to three-year terms after that.

Resignation:

In the event a Senate member resigns, the replacement for the newly open position shall be appointed by the Senate's Executive Officers from the selection list maintained from the most recent election. The selection shall be approved by the entire Senate. The appointed member shall serve the remainder of the past member's term.

Changes in Status:

If a Senator's status changes, through promotion, transfer, or other personnel action, that Senator shall continue in his/her original role and representation on the Staff Senate

until the end of his/her current term. The only exception to this would hold if the change in status occurs within a few days (two weeks) of the Senator's election; then the second-highest vote-getter in the Senator's representative category could be appointed in the Senator's stead.

Responsibility to Attend Meetings:

Senate members are expected to attend all meetings. Attendance by conference call, Skype for Business, or Zoom is an acceptable alternative to physical presence. A member may be excused for the following reasons: sick, personal, or annual leave, or professional obligations. If a member misses three consecutive meetings or six meetings total (excused or unexcused), the member is subject to dismissal, which will be determined by the Senate Executive Officers and approved by vote of the entire Senate.

Senators will be released from normal work duties without loss of pay or other benefits to attend official Staff Senate meetings or functions.

Term Limits:

Senate members will be limited to two consecutive terms (six years). Persons interested in further Senate service must leave the Senate for at least one year before being eligible again.

Responsibility to Represent Constituents:

Senate members are responsible for assisting the Secretary of the Senate to maintain lists of University staff members by category. Senators are further responsible for communicating regularly with their constituents, responding to any questions from constituents regarding Senate actions or meetings, and bringing any questions from constituents to the floor of the Senate for discussion. Senators must then bring any responses, actions, votes, or resolutions back to their constituents after said discussion.

Senators understand that they represent all staff members on campus (and are not bound by payroll classification or by representative category). Any senator can bring a question from any staff member for consideration by the full Senate. Any staff member can contact any senator to request representation on any question.

Staff Senate will function as a productive component of the operation and functioning of the university. Other mechanisms for complaints or appeals exist and are more appropriate venues for employee-specific problems. Staff Senate represents all employees and deals with issues on a global level for the entire university.

Staff Senate Committees:

The Staff Senate shall maintain the following standing committees:

Staff Senate Strategic Planning Committee

Elections Committee

Mentoring Committee

Classified Staff Subcommittee (incorporating current CSA Council duties)

Non-Faculty Exempt Subcommittee

Executive Officers of the Staff Senate

Volunteers to serve on the first three committees shall be solicited at the May meeting which all current and newly elected Senators shall attend jointly.

The Strategic Planning Committee shall be responsible for developing and updating the Strategic Plan for the Staff Senate. The Committee shall also be responsible for ensuring the Staff Senate Strategic Plan coordinates with and supports the University's Strategic Plan. Staff Senate will represent staff in any university Strategic Planning Committees or efforts. The Senate President shall chair and lead the Strategic Planning Committee.

The Elections Committee shall be responsible for working with the Vice President, the Secretary, and the Technical Officer to coordinate and manage elections annually. The Senate Vice President shall chair and lead the Elections Committee.

The Mentoring Committee shall work to establish a system of mentors within the Staff community at BHSU, seeking volunteers and overseeing the processes. The Mentoring Committee shall also coordinate with Human Resources to assist with orientation procedures at BHSU in any way that staff can assist. A staff member of Human Resources shall serve as an ex officio member of the Mentoring Committee. The Senate President shall chair and lead the Mentoring Committee.

All Senators shall serve in one of the two Subcommittees and assignment shall be based on payroll classification. If a matter concerning only one category of employee is brought to the Senate, such matter shall be considered and decided by the appropriate subcommittee and then brought to the full Senate as an information item.

The Executive Officers of the Staff Senate shall consist of the President, Vice-President, Secretary, Finance Officer, Technical Officer, and Regents' CSA Advisory Council representative. Meetings shall be called by the President. The Executive Officers shall oversee and manage an annual membership meeting for all staff in May. The annual membership meeting shall include votes on any By-Laws changes, introduction of new Staff Senators, and any recognition of staff employees desired.

Other University Committees:

The University President or his/her Executive Assistant shall present the Senate with a list of University committees on which staff representation is sought whenever vacancies occur or need arises. Senators shall select one or two committees on which they would be willing to serve at the May meeting. Senators can also nominate other staff to serve on University committees or solicit nominations at the annual membership meeting. By vote of the Senate, names of representatives shall be forwarded to the President's Executive Assistant to be designated as staff representatives on each University committee. The Vice President of Staff Senate shall maintain a record of such committee representation.

Senators (or other staff) assigned to University committees must attend each University committee meeting and provide a report of each meeting at the regularly scheduled Staff Senate meeting following a committee meeting.
