

Pre-Professional Programs

If you are planning a career as a health-care professional, such as a doctor, chiropractor, dentist, occupational therapist, or veterinarian, or as a lawyer and other high demand occupations, earning a bachelor's degree from Black Hills State University is an excellent first step. Our strong science and business programs, which include innovative research-based education experiences, numerous opportunities for undergraduate research, and close faculty mentoring, prepares you to succeed in the professional school of your choice.

At BHSU, we know the purpose of a pre-professional program is to prepare you to be accepted into and succeed at a professional degree program so you can achieve your career goals. Our graduates are exceptionally well-prepared to succeed in graduate school and also their careers.
