Summer Financial Aid 2020 – Eligibility Requirements and General Information

Please complete the Summer Financial Aid application on the reverse side and return to Student Financial Services.

Financial aid eligibility for summer classes has the same requirements as the fall and spring semesters. A student must:

- 1) Enroll as a half-time student (6 credits undergraduates or 5 credits graduate students) to be eligible for loans.**
- 2) Enroll in a degree program.**
- 3) Complete the 2020-21 FAFSA and have the results sent to BHSU (school code 003459).**
- 4) Meet SAP (Satisfactory Academic Progress) guidelines for federal student aid programs.**

Financial Aid Available for Summer 2020

Pell Grants

Pell grant eligibility for summer 2020, fall 2020, and spring 2021 will be determined on an individual basis. Any Pell grant received for summer is included in your lifetime eligibility.

Federal Work-Study

Federal work-study funds are available for summer 2020. You can indicate your desire to work through this program in question #5 on the application. If you are not attending classes and are not returning to BHSU for the 2020-21 school year, you cannot receive federal work-study funds in the summer. Federal work-study recipients must complete all required paperwork before beginning to work.

**All dependent, full-time summer federal work-study employees not attending classes, who are remaining in the Spearfish area solely to work FWS, must provide a listing of monthly living expenses to Student Financial Services-Financial Aid.

Federal Direct Loans

Loan funds are available through the Direct Loan program. **Summer federal Direct loans will reduce your 2020-21 academic year remaining loan eligibility.** Loans are typically disbursed only during the June and July sessions. The maximum amount you can borrow is determined by your costs to attend BHSU as well as your grade level. We will calculate your eligibility and offer you up to **one-fourth** (¼) of your annual loan limit for the 2020-21 academic year. **All students must complete a Direct Loan Master Promissory Note and Loan Entrance Counseling – www.studentaid.gov - if not already complete.**

Federal Direct PLUS and Alternative Loans

You may be eligible for additional loans if you have financial need after other aid has been awarded. If you are a dependent student, your parents may apply for a federal PLUS loan. You can indicate your desire to receive a PLUS loan application in question #5 on the application. The 2020-21 FAFSA must be completed and on file at BHSU in order to apply for a PLUS loan.

Please complete the student section on the reverse side of this form and return it to Student Financial Services.

We will process your financial aid for summer 2020. You will receive an electronic award notification that must be completed before you will receive financial aid.

PLEASE NOTE: Financial aid disbursements will not be applied to student accounts until June 5, 2020, or the first day of your first summer class after June 5, 2020. Students who are receiving financial aid must have made arrangements with a financial aid counselor in Student Financial Services prior to June 5 or the day of registration to defer payment of charges.
