1. Purpose

The following constitutes the policy of Black Hills State University (“BHSU” or “university”) regarding response to requests for inspection and copies of “public records” as that term is defined under the South Dakota Open Records Law (“SDORL”), S.D. Codified Laws Ann. §§1-27-1 to -19. Section 2: “all records and documents, regardless of physical form, of or belonging to this state, any county, municipality, political subdivision, or tax-supported district in this state, or any agency, branch, department, board, bureau, commission, council, subunit, or committee of any of the foregoing.”

The provisions of this policy set forth the university’s rules for the inspection of public records in the custody or control of BHSU. These rules are reasonably necessary for the protection of such records, and the prevention of unnecessary interference with the regular discharge of the duties of the university’s SDORL Records Officer.

3. Procedures

- a. Requests to Inspect Public Records in the Custody or Control of Black Hills State University
 - i. All requests must be submitted in writing to BHSU’s Office of the President, which will direct requests to the appropriate custodian of the relevant records. Each BOR University has an SDORL Records Officer, BHSU’s is Rich Loose. It is the responsibility of the BHSU SDORL Records Officer to review and act upon SDORL record requests.
 - ii. In addition to any requirements under this policy and SDORL, a request must include the requesting party’s name, and mailing and e-mail addresses, and must be sent to the following:

Office of the President
212 Woodburn Hall
Black Hills State University
Spearfish, SD 57799
Email: Laurie.Nichols@bhsu.edu

- iii. Requests may be delivered via mail, courier or facsimile. Requests sent via electronic mail will not automatically be accepted. Due to spam filters and similar computer software, the university cannot guarantee that an e-mail request has been received by the custodian. Should BHSU accept an e-mail request, the statutory time for response will begin when BHSU provides confirmation to the requesting party.
- iv. All requests for records must be specific as to the records sought and the relevant dates. Requests for correspondence must identify the parties to the correspondence. For any request that is vague or broadly stated, the custodian may require the requesting party to provide a more specific request.
- v. Time for response to SDORL requests that comply with this policy shall be as follows:
 - 1. The standard maximum time for production shall be ten (10) working days, beginning on the first business day after the request is received by BHSU.
 - 2. Such periods may be extended upon determination by BHSU that extenuating circumstances exist. The requesting party shall be notified of the extension within the original twenty-day period.
 - 3. These time periods for responding to requests shall not apply to (a) requests that do not comply with this policy, (b) requests that are so broad or burdensome they interfere with university employees' regular work duties, or (c) requests for which the requesting party has failed to pay the appropriate charges.
 - 4. Requests to inspect records shall not take priority over the regular work activities of university employees.

5. If a requesting party wishes to inspect available records in advance or in lieu of receiving copies, such inspection shall be by appointment only during normal working hours. Such inspection shall occur on-site and may be supervised by a university representative.

b. Charges for Copies of Requested Records

- i. The normal cost for requested documents shall be \$.25 per page or, for documents in non-standard formats, the actual duplication costs.
- ii. At BHSU's prerogative, the requesting party may also be charged a reasonable research, computer output, retrieval and review fee based on the actual cost of responding to the request.
- iii. While not required, BHSU may choose to reformat or analyze information in a new way in order to respond to a request. Where the record is a result of such reformatting or analysis, the requesting party will be charged, unless waived or reduced by BHSU.
- iv. Unless waived by BHSU, the requesting party will be charged the cost of transmitting the records to the requesting party by United States mail or other delivery service. If records are transmitted by e-mail, no fee will be charged for such transmission.
- v. BHSU will not transmit any records to the requesting party until full payment for the appropriate fees has been received.
- vi. If charges are expected to exceed \$25, BHSU will provide the requesting party with an estimate of the cost of responding prior to responding and may require a deposit. If the requesting party wishes to proceed once receiving an estimate, he or she must confirm this in writing. By providing this written confirmation to proceed, the requesting party agrees to pay all fees associated with responding to the request. The time between the date of BHSU's cost estimate and the date BHSU receives a written confirmation to proceed will not be counted against the time period set forth above.

4. Responsible Administrator

The SDORL Records Officer, or designee, is responsible for the ad hoc and annual review of this policy and its procedures. The University President is responsible for approval of this policy.
